Back Home Feeling Again

Opener: SFGS:

I've Got that back home feeling again
Sweet yesterday is blowing in the wind
Past is pullin' at my minor age in time
Do an allemande left that corner, weave the ring
I've got that back home feeling again
Swing your girl and promenade
Past is pulling at my minor age in time
I've got that back home feeling again

Now those heads square thru count to four hands around you go
Around the corner lady do a DoSaDo
Swing thru and all the boys run right
Then tag that line go all the way and cloverleaf tonight
Now The girls square thru count 'em three
Star thru and promenade for me
Past is pulling at my minor age in time
I've got that back home feeling again

Middle Break: SFGS

I see my daddy walking 'cross the field
That ol' collie running at his heels
Shoulders straight and strong after working all day long
Do an allemande left that corner, weave the ring
I've got that back home feeling again
Swing your girl and promenade
Past is pulling at my minor age in time
I've got that back home feeling again

Ending: SFGS

I see this young girl playing on the porch
And Mama's standing at the kitchen door
Pulling back her auburn hair and the smell of supper in the air
Do an allemande left that corner, weave the ring
I've got that back home feeling again
Swing your girl and promenade
Past is pulling at my minor age in time
I've got that back home feeling again
