Words & music by Jim Kline, 8 May 2020

Verse 1:

It's funny how our paths did cross,
Right away we hit it off.
Our lives had been so far apart,
But we knew that was a start.

Spending days in harmony,
Me with you and you with me.
You're the treasure of my life,
My friend, my love, my wife.

Verse 2:

So many paths we did pursue,
Every one brought something new,
When differences did us divide,
We solved them side by side.

Chorus:

Verse 3:

Our hearts for friends do keep a place,
Family adds a warm embrace.
A special life you've given me,
With loving memories.

Chorus:

Coda:

My friend, my love, my wife.
